2 A As could anyone in this zoom --

3 Q I understand.

4 A -- just to be clear.

5 Q I understand.

6 Did, from time to time, Brown  
7 access the net price calculator to  
8 determine what the net prices would be at  
9 other universities?

10 A Not on a regular -- sort of  
11 regular basis. I think there may have  
12 been -- for example, if we got a  
13 competitive award from, let's say, Harvard  
14 or from somewhere where we just couldn't  
15 figure out what had happened, we might have  
16 put data into the net price calculator to  
17 get a sense of what was happening.

18 Q I'm going to -- withdraw that  
19 question. Withdraw the question I began to  
20 articulate.

21 MR. ROELLKE: Not the last --

22 MR. GILBERT: Not the last

23 question. The question where I got to  
24 about the third word, that question.

25 This subject is what number now?
